KOKRAJHAR GOVT. COLLEGE

A NOTE FROM THE PRINCIPAL

Greetings from the Principal, Kokrajhar Govt. College, Kokrajhar.

In recent times we have witnessed the outbreak of COVID-19 which has wreaked havoc across the world and like any critical sector, education has been hit hard. Students, schools, colleges and universities have been deeply impacted. The method of teaching and learning had to be re-evaluated and implemented for both students and teachers alike, the shift to online education has meant rethinking lesson plans to fit a very different format. We have come together to accept the change and acknowledge it to impart education through online mode. Despite of all barriers created by the pandemic we as a team were able to bridge the gaps. This year like the years before we celebrate the achievements of our students in the last academic year. I feel immensely privileged to be a part of Kokrajhar Govt. College, Kokrajhar on this eventful journey of continued excellence.

The college is committed to providing higher education to the underprivileged masses of this part of the globe. The process of disseminating comprehensive education adheres to the motto "Discipline and Excellence," inspiring the students of our Institution. Our students, along with faculty, are also actively involved in a gamut of community outreach programmes that bridge the gap between education and community welfare. Our focus pivots consistently towards the upliftment of underprivileged sections of the society. Kokrajhar Govt. College will consistently strive to serve as a portal to excellence and a site of enlightenment, where the Institution will continue to push boundaries of knowledge, critical enquiry and build an empowered community.

EDITORIAL

A College Bulletin is at its best when the period it covers is short, half-yearly or quarterly, if not monthly or weekly and has all the information that is much needed. The college has been publishing the bulletin since 2005 and has been trying to maintain its quality and consistency of the same since then. The session 2020-21, has been engraved with numerous activities ranging from observation and commemoration of various days such as Ishan Mwshahary Memorial Day Celebration, Teachers' Day Celebration, Hindi Divas and many such renowned official days that are marked on the calendar; also, departmental activities such as educational tours and field trips, seminars, workshops, online popular talks, freshers' social celebration during Bonjar festival, which is the official college week celebration. It certainly comes alive, to highlight the programmes, activities and achievements in different spheres during this session that has garnished the college's foundation and reputation to a higher plane and we are hopeful that this trend will continue in future as well. The motif is more of sharing the related information among the teachers and students and also with the society that is involved. The team has been prompt and all the members including the Chairman of the drafting committee deserves a big applause for this work, Gratitude to Dr. Banabina Brahma, Principal, and the IQAC Co-ordinator, Mr. Purushattam Vashkar Narzary, for making this bulletin a reality. Hope, the authorities will take necessary steps to publish the college bulletin yearly, following the accustomed duration of the bulletin publishing timing. Let us be optimistic for our future endeavours in such activities.

Thanking You all.
