Report on National Webinar held on 10/07/2021

A National Webinar was organized by Department of Chemistry in collaboration with Indian Chemical Society, Kolkata and in association with IQAC of the college on 10th July, 2021 on the topic "Challenges for Sustainable Development: Analytical Perspectives of Environmentally Important Ions". The webinar began with a traditional Bodo "Bagrumba" dance. The Guests, Resource Person and all the participants were welcomed by Dr. Kabita Patowary, Associate Professor of the department. The webinar was inaugurated by Dr. Banabina Brahma, Principal, Kokrajhar Govt. College, Kokrajhar sharp at 11:10 A.M. with her inaugural speech. Mrs. Anjali Basumatary, Co-ordinator, IQAC, explained the importance of the topic. The webinar was moderated by Dr. Suresh Kumar Nath, Assistant Professor of the department. Prof. Chittaranjan Sinha, Professor of Inorganic Chemistry, Jadavpur University, Kolkata was the Resource Person of the program. Professor Sinha is also Honorary Secretary of Indian Chemical Society, Kolkata. He made a beautiful presentation on the topic of the webinar. The participants were highly satisfied and benefitted by the resourceful and well explained speech of Prof. Sinha. At the end of his presentation Prof. Sinha answered all the queries of the participants. The webinar was concluded by Dr. Basanta Kumar Das, HoD, Chemistry and Convenor of the Organizing Committee with few words. The most attractive part of the entire webinar was the huge responses received consistently from the participants from various states of the country, namely, Arunachal Pradesh, Gujarat, Manipur, Mizoram, Punjab, Tamil Nadu and West Bengal, apart from the hosting state, Assam. 164 participants registered their name to participate in the program. The webinar was successful in its purpose. At last Dr. Mainul Hoque, Assistant Professor of the department as well as Joint Convenor of the webinar offered vote of thanks to all.

Approved.
